# VISION

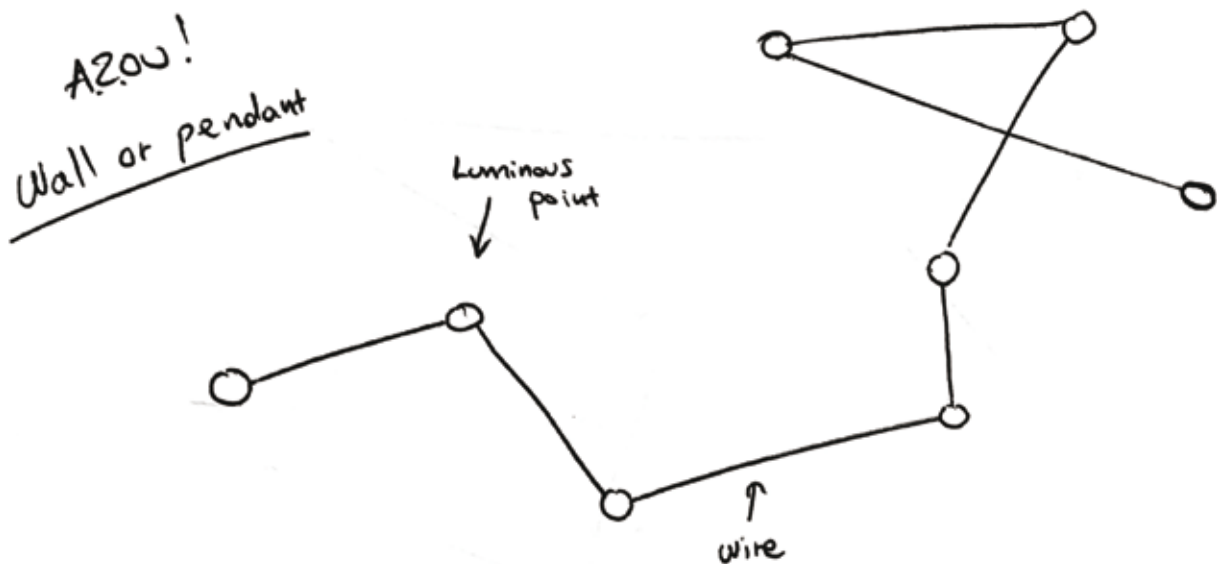

Kundalini is a company with a strong identity and a cosmopolitan style, innovative and sophisticated. A company that speaks a universal yet extremely recognisable language. Its unconventional spirit has always merged the subtle poetry of shape to maximum functionality and handiness, moulding the finest materials through cutting-edge processes.

Every Kundalini product is the fruit of a strong concept and tells the story of a specific creative and technological journey. All are consistent with the corporate philosophy that has always combined an unconventional approach and the search for new aesthetics with a deep knowledge of materials and technologies. Kundalini lamps are characterised by a sense of colour and geometry that is always fresh and with high creative content, drawing inspiration from time to time from different worlds. Nature,

industrial scenarios, the visual arts are just a few of the contexts observed and reinterpreted to create lamps where shape and function are intertwined and complement each other to become inseparable elements, a synthesis that is always perfectly balanced between function and emotion.

The rich and varied collection of Kundalini lamps, always in the making, is the fruit of the collaborative effort of designers and architects of international renown, but also emerging talents who share and enhance the company's mission.

Il suo spirito anticonvenzionale unisce da sempre alla sottile poesia della forma la massima funzionalità e praticità d'uso plasmando i migliori materiali attraverso lavorazioni d'avanguardia.

Ogni prodotto Kundalini nasce da un'idea forte e racconta uno specifico percorso creativo e tecnologico. Tutti sono coerenti con la filosofia aziendale che unisce da sempre l'approccio anticonvenzionale e la ricerca di nuove estetiche con una profonda conoscenza dei materiali e delle tecnologie. Le lampade Kundalini sono caratterizzate da un senso del colore e della geometria sempre inedito e ad alto tasso creativo e traggono ispirazione di volta in volta da mondi diversi. La natura, gli scenari industriali, le arti visive sono solo alcuni dei contesti osservati e reinterpretati per dar vita a lampade in cui forma e funzione si intrecciano e si completano fino a divenire elementi inscindibili, una sintesi sempre perfettamente calibrata tra funzione ed emozione.

La ricca e variegata collezione di lampade Kundalini, sempre in divenire, è frutto della collaborazione di designer e architetti di fama internazionale ma anche di talenti emergenti, che condividono ed esaltano la mission dell'azienda.

Das Unternehmen Kundalini zeichnet sich durch eine ganz eigene Identität und einen weltoffenen, innovativen und raffinierten Stil aus. Seine Sprache ist universell und hat gleichzeitig Wiedererkennungswert. Herrschend ist ein unkonventioneller Geist, der seit jeher die zarte Poesie der Form mit größtmöglicher Funktionalität und Zweckmäßigkeit vereint; hierfür werden die besten Materialien in fortschrittlichen Verfahren verarbeitet.

Jedes Kundalini-Produkt entsteht aus einer eigenen Idee und hat seine Geschichte von Kreativität und Technologie. Alle entsprechen der Unternehmensphilosophie, die seit jeher einen unkonventionellen Ansatz und die Suche nach einer neuen Ästhetik mit einer gründlichen Kenntnis der Materialien und Technologien verbindet. Die Lampen von Kundalini zeichnen sich durch einen immer wieder neuen Sinn für Farbe und Geometrie aus, stecken voller Kreativität und sind jedes Mal von anderen Welten inspiriert. Natur, Industrie und darstellende Kunst sind nur einige der Bereiche, die beobachtet und neu interpretiert wurden, um Lampen zu erschaffen, in denen sich Form und Funktion verbinden und ergänzen, so dass sie gar nicht mehr voneinander zu unterscheiden sind - das perfekte Gleichgewicht von Zweckmäßigkeit und Emotion.

Die vielfältige, abwechslungsreiche Lampenkollektion von Kundalini, die sich ständig neu erfindet, ist das Ergebnis einer Zusammenarbeit von Designern und Architekten von Weltruhm, aber auch von Nachwuchstalenten, die ihre Begeisterung für die Mission des Unternehmens teilen.
