

davide groppi

specialevent 2022_04

What will the product of the future be like for Davide Groppi??

Simplicity Weightless Emotion Invention Amazement

It will play on the **Object-Project** dualism

Light sources that anticipate the solution of new functions or that solve traditional functions in an innovative way..

Recognizable **Objects** with character, of great emotional impact, functional and expressing purity and memory.

Objects that allow you to express the personality of those who live in a **space**.

Sychronicity (sincronicità)

In 1950 Carl Gustav Jung

'Principle of acausal links', that is a link between two events that occur simultaneously and belong to the same significant content, like two clocks that have been mysteriously synchronized on the same time.

Synchronicity: An Acausal Connecting Principle

speciale**event**

April 14, 2022 – from **4 pm** CEST

Listen to the light.

An imaginary dialogue in search of light and magic.

A continuous experiment that has led us to rethink some of our most popular lamps and to present an absolute novelty.

“An imaginary dialogue in search of light and magic.”

A landing page with **AUDIO** and **CLIPS** let you understand the brand concepts.

The bottom of this main landing page is linked to **DEDICATED LANDING PAGES** for the topics:

NULLA EXTRADARK

Nulla

Design Davide Groppi, 2010

A very simple idea: a **hole** in the ceiling.

The research into a **light without a source** drove us to present and investigate light in its pure physical aspect.

An **invisible, magic** and **illusive** project.

An **extreme work on subtraction**.

Absence and essence of light.

XXIII ADI Compasso d'Oro Award

We have gone further, we have removed the hole.

Nulla Extradark

Design Davide Groppi

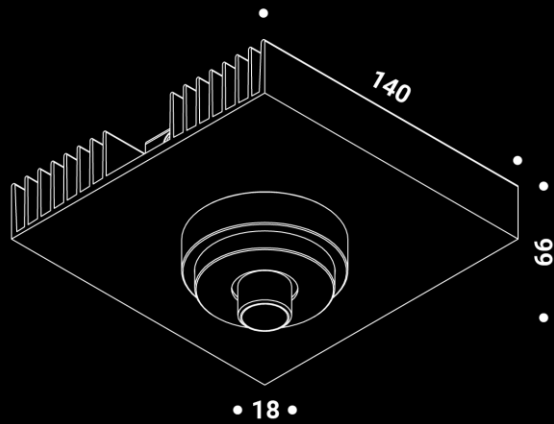

Our greatest magic: an invisible source, a great light.
The source disappears... only the light remains.
With **Nulla Extradark**, the source is invisible.

Nulla Extradark

Extradark

davide groppi | SALES

High-efficiency light source that associates an optical PMMA TIR lens to an element that shields the light beam viewing angle to obtain **highly uniform lighting and full beam control**.

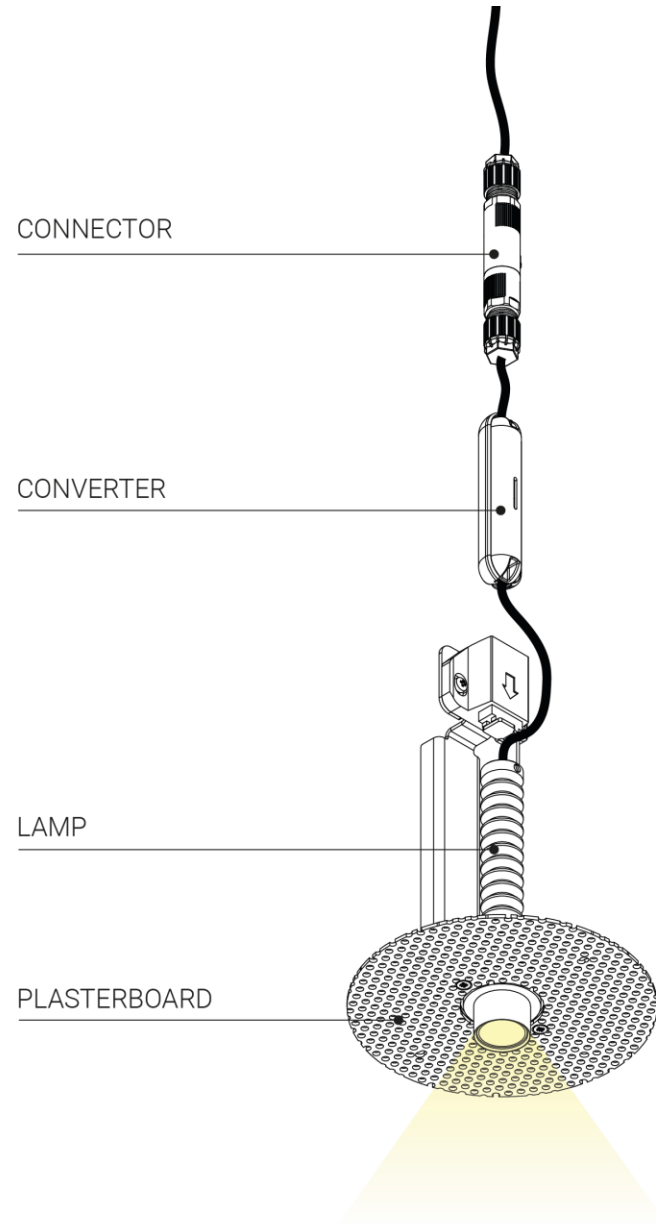

Unified Glare Rating < 19

Subject to national and European standards that set the permitted limits in working environments.

REFLEX

The mirror can illuminate and, at the same time,
can take in the space around it.

Thinness and **weightlessness**.

Reflex

Design Michele Groppi

NEWS 2022

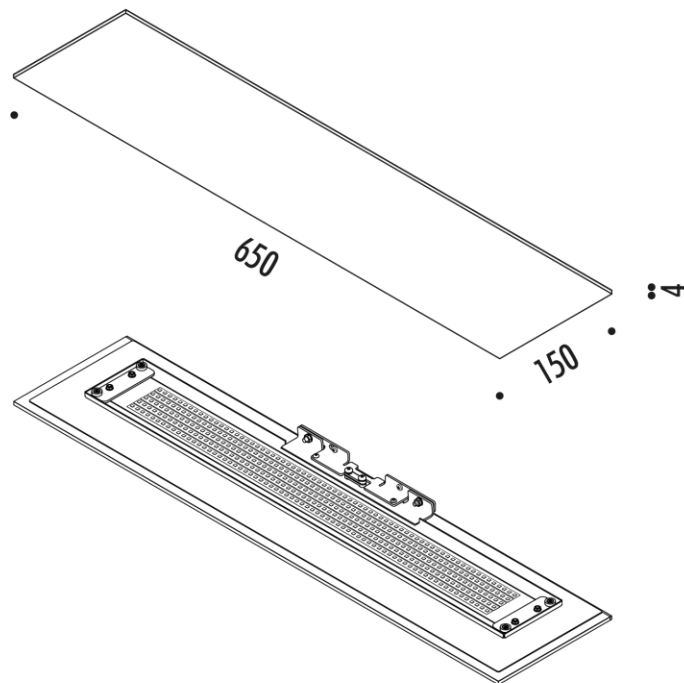

A powerful LED and an almost invisible mirror,
for indirect light that multiplies spaces and
offers the eye perspectives and unexpected depth.

Reflex

SISTEMI INTEGRATI

A structure integrating different, modular and compatible designs, offering the possibility of composing light in space with **absolute freedom, spatiality, creativity**, of taking light anywhere, freely, **without any electrical constraints**.

Direct, indirect and diffuse light

running on digital tracks, ultra-light and almost invisible wires, modular tapes.

Like a Morse code, **an alphabet of dots and lines** represents the new language of Sistemi.

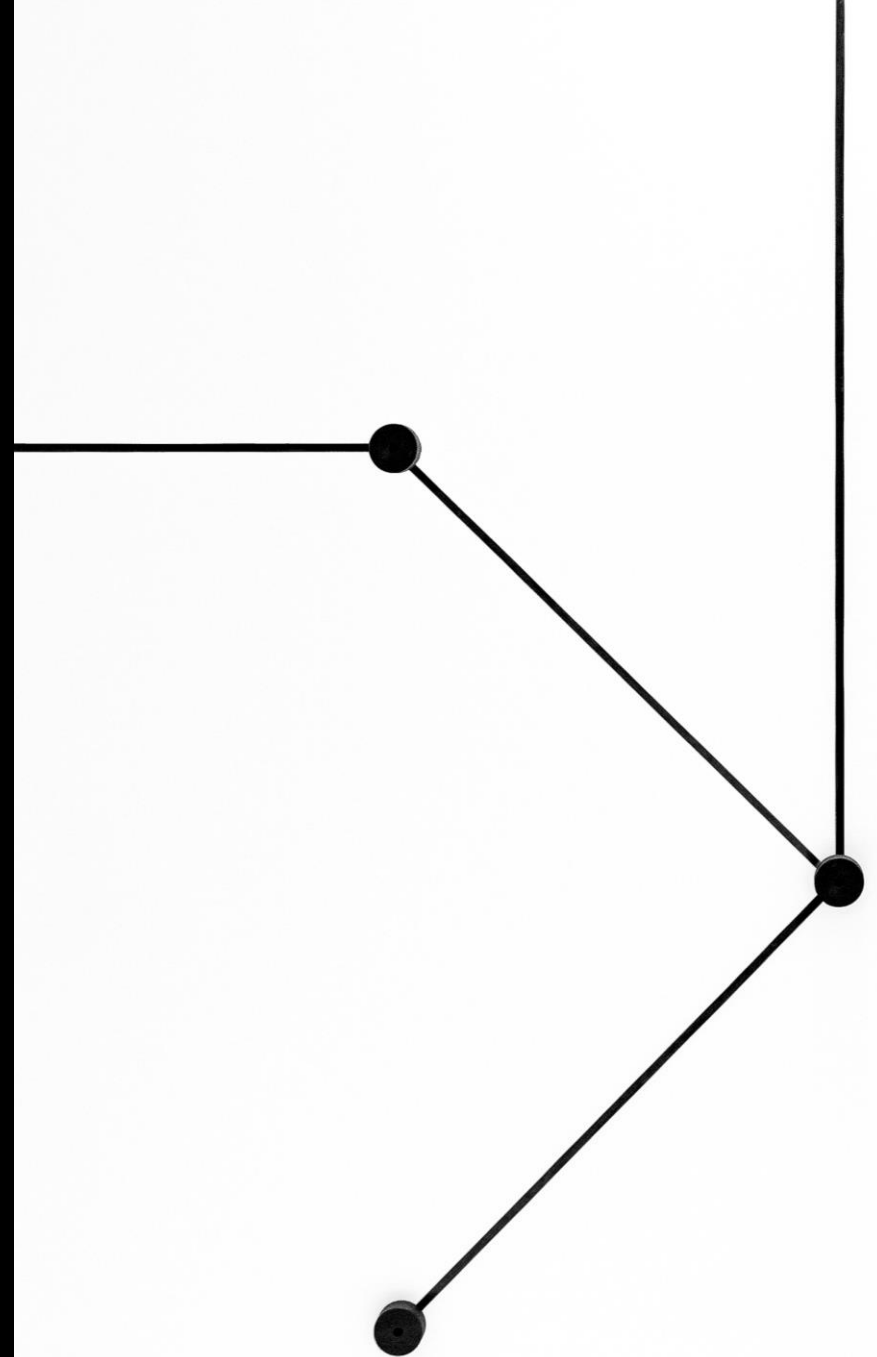

Sistemi Integrati

Endless

Design Davide Groppi, 2018

An adhesive tape that conducts electricity and can be placed anywhere to bring electricity to our lighting projects.

ENDLESS can be used to integrate, blend together and power different luminaires.

SPAZIO ESPERIENZE

Essenza. Spazio. Luce.

Tre parole che rappresentano il pensiero di Davide Groppi. Abbiamo sentito la necessità di guardare il mondo attraverso lo Spazio Esperienze è il luogo dove presentarsi. Un luogo per raccontarci, per mostrare ciò che ci piace. La luce ha un ruolo fondamentale nella nostra vita. Da sempre immaginiamo che la luce abbia una personalità. Quella diretta e concentrata, che genera emozioni. Quella diffusa o indiretta, che invece coinvolge. Ci piace pensare che la luce negli spazi si comporti come un essere umano. È la nostra grammatica della luce artificiale.

Il progetto incontra la luce.

I nostri Spazio Esperienze sono luoghi speciali, in cui progettisti appassionati possono pensare insieme a voi la luce giusta per i vostri luoghi.

Prenota online un appuntamento nello Spazio Esperienze a te più vicino oppure richiedi una consulenza in videoconferenza.

to vivere le nostre emozioni ed è per questo motivo che nel 2012 abbiamo avviato il progetto Spazio Esperienze. Un luogo aperto ai progettisti e a tutti coloro che vogliono immergersi nel nostro mondo. reazioni fatte di ingegno e fantasia, di passione e organizzazione, di cuore e cervello.
