LANTERN

Designer: Marie Holsting

reddot award 2019
winner

'Featuring geometric lines, this timeless outdoor lamp series projects an emotionally appealing overall image'

Reddot Award Jury

The award-winning lantern collection is a contemporary take on the classic lamp shape that dates back centuries.

The work of Danish designer Marie Holsting, the Lantern collection has a rectangular shape and a solid, black structured finish made from aluminium and glass. It comes in wall, floor and portable table versions and has a built-in LED light source. This radiates an interplay of angles and geometric shapes that gives the collection its distinctive graphical and architectural appeal.

The wall version comes in two sizes and is also weatherproof, so is suitable for both indoor and outdoor use. Indoors, it can create a cosy and intimate lighting effect, both as a single light source or in combination with ceiling lamps. Several Lantern wall lamps can be lined up together on a wall to create a more decorative element.

The Lantern floor light, meanwhile, is an elegant option for outdoors. It creates a light-filled and calming space in the dark.

The floor lights work well as decorative individual pieces or grouped together as an installation. They are also effective as secondary lighting in larger spaces such as illuminating a passageway.

In 2019, the collection received the prestigious international Red Dot award for high-quality design, and later that year received a Danish Design Award nomination in the category "Lamp of the year".

SOHO by Ronni Gol

Indoor & Outdoor

COMPACT by Ronni Gol

A collection with greater potential...

Every product we produce are suited for both indoors and outdoors. The minimalist design collection consist of products that can either fit seamlessly to any surface for a discrete feel, or surface mounted to add an aesthetic dimension to a space.

Our products are suitable for both commercial and residential markets and we work closely with architects and designers to find the perfect solution to suit all of our customers' needs.

ZERO by Ronni Gol

FACET

Designer: Lars Vejen

reddot award 2019
winner

'The FACET Collection convinces with its asymmetric lines of sculptural appeal. Furthermore, the light distribution helps to create characteristic room atmospheres.'

Reddot Award Jury

The ultra-modern Facet wall lamp combines functionality with an intriguing asymmetric appearance.

The idea behind the Facet wall lamp, which was designed by Danish architect Lars Vejen, was to create a simple, functional and durable design, that would become a future classic in terms of lighting.

The design is based on an asymmetric extruded aluminium profile. Two different angles are cut in to shape the profile, one at the top and one at the bottom, so the dimmable LED light source spreads through the design upwards and downwards. It is suitable for both indoor and outdoor use and is available in two sizes. The design is available in either black or white versions.

The production of the Facet lamp merges

industrial processes with a handcrafted finish, to achieve a streamlined product, yet one with the required attention to detail. In this way, form and function seamlessly work together to balance the overall design of the product.

In 2019, the collection received the prestigious international Red Dot award for high-quality design.

Unbeatable 7 years warranty

LIGHT-POINT is committed to ensuring you with the highest quality standards in luminaire manufacturing. It's just one of the great benefits that gives you greater value for longer.

Here's to at least 7 years peace of mind...

Day & night

We challenge the perceptions of what good lighting design can do.

Our products express a consistent approach: the quest for the ideal balance of perfect form, the latest in LED technology and something that is both aesthetically timeless and minimal.

light & dark

'We strive to push the boundaries of lighting design beyond just form and function, but concerned with how products can enhance the environment they are in, whether that's indoors or outdoors.'

Ronni Gol - CEO of LIGHT-POINT

Ronni Gol, LIGHT-POINT

Ronni Gol is the Founder & CEO of the internationally renowned Scandinavian brand LIGHT-POINT, with a vision to create innovative lighting products with an ultra-modern, distinctly Danish design style.

Ronni knows that lighting design is more than just form and function, but how they can enhance the environment they are in, whether that's indoors or outdoor. Every design Ronni brings into the collection has a unique emotive experience.

Nital Patel, Head of Design LIGHT-POINT

Nital is a uniquely experienced creative professional, who has been working with high-end, design-led brands for many years. An industrial designer, trained in the UK, Nital's creative acumen has been heavily informed by a Scandinavian design approach, honed whilst working for an award-winning luxury goods manufacturer JACOB JENSEN, based in Denmark.

This approach puts a sense of context, aesthetics and materiality at the centre of the creative vision and is underpinned by a strong commercial awareness. Regardless of a brand's country of origin, Nital can recognise a brand's strengths and where these could be positioned to achieve strong brand awareness, increased revenue and competitive advantage.

Lars Vejen

My professional passion is very simple; I love finding and shaping the good idea!

Enjoy seeing it realized in collaboration with talented people within their separate fields of handcraft, engineering, marketing, sales, logistics. Design thinking when it is best and works in full understanding and acknowledgement of the value of all people involved in a product development.

I use my background as architect to extract the essence of a need. To see a potential in the

context of a space, in architecture and in the people without whom none of it would make much sense. Great inspiration is for me found simply by living life! Seeing the way human, things, shapes, nature, structures and elements interacts.

Knowledge gathered from years of experience with a wide range of very different professional partners gives me valuable insight and cross-references to enhance my creativity. It is always the same great pleasure finding the right solution. Finding the balance.

MADISON TABLE by Marie Holsting

Pure, clean lines and sleek surfaces give the Madison Lamp its contemporary appeal.

MOOD by LP Design Team

Whatever your environment,
a LIGHT-POINT lamp is a contemporary
classic defined by pure lines and simple shapes.

Each lamp has a modest beauty rooted
in the Danish design tradition.

LIGHT-POINT's iconic Soho
collection lets you create
your own emotion,
both indoors and outdoors.

Let your creativity run free...

A DESIGN CLASSIC

The Soho lamp is one of the most iconic and recognizable pieces in the world. It celebrates the perfect balance of form and function. The lamp has been given a colorful Nordic look, in many colors and sizes, combining details that highlight distinctive design elements.

CONCEALING lamps in the same position, in a wide and distinctive Nordic landscape. The same collection is a statement in an minimalist world. "It is, however, timeless", designed and crafted for the future.

(This excludes batteries)**

General terms of sale and delivery

The following terms and conditions cover all deliveries and services from LIGHT-POINT A/S, unless other terms have been agreed upon in writing.

Tender

A tender is binding for three weeks from the date of the tender.

Dispatch/return of goods

Delivery will be EXW LIGHT-POINT A/S' warehouse (Incoterms 2000) unless other terms have been explicitly agreed upon. When buying any of LIGHT-POINT A/S' goods for resale buyer shall defray all freight charges himself.

Dispatch will take place at buyers' own account and risk. When delivery has been agreed to be free of carriage the cost of dispatch is included in the price and the dispatch will be at the risk of LIGHT-POINT A/S. Buyer is only entitled to annul the order due to delay provided delivery is delayed for more than 30 days. Returned goods will only be received when prior agreement of return has been reached and then only in the original wrapping and in an undamaged state. A copy of the delivery note or the invoice must accompany the returned goods.

Erroneous orders for standard goods will be deducted 20% for handling and control. Special goods, procured goods and unwrapped light sources will not be accepted for return.

Prices

All prices are current prices stated in DKK exclusive VAT, government taxes and light sources unless otherwise stated. All prices are stated without prejudice to printing errors, price changes and discontinued goods.

Payment

Unless otherwise stated in LIGHT-POINT A/S' tender or other written agreement our terms of payment are net cash at delivery/collection. At delay in payment a fee of DKK 100.00 and interest of 2% per commencing month will be added.

Notification of defects

Buyer is obligated to examine the goods immediately after receiving them. Notification of defects must be given to LIGHT-

POINT A/S within 8 days of delivery. If buyer does not notify LIGHT-POINT A/S of defects within this time-limit he will not be able to cite any defects at a later date.

Expenses incurred by buyer in connection with cited defects are not covered by LIGHT-POINT A/S unless LIGHT-POINT A/S has received the notification of defects and has given a written acceptance to cover the costs.

Warranty

Products which have a manufacturing fault or a flaw in the material will be repaired without cost or exchanged in accordance with the rules in the Danish Sale of Goods Act and to the same extent that the warranty from sub-suppliers covers. Light sources are not covered by warranty.

Exemption of liability

Non-fulfilment including delay or delivery of defective goods will only justify buyer compensation provided buyer documents that the non-fulfilment is caused by gross negligence on the part of LIGHT-POINT A/S. However LIGHT-POINT A/S is in no case responsible for operating loss, loss of time, loss of profits or other like indirect losses including daily fines inflicted on buyer.

Product liability

The company is only responsible for product liability in accordance to the rules in the Danish Product Liability Act. Beyond this the company is not responsible for product liability.

Disputes

Disagreements in connection with the cooperation of the parties with reference to this agreement must be solved according to Danish law, in as much as the parties agree that the venue shall be the Maritime and Commercial High Court in Copenhagen or alternatively the City Court of Copenhagen.

Copenhagen K, 1st of September 2019.
