

MUUTO

Muuto News Presentation Q1 2020

COVER SIDE CHAIR

THOMAS BENTZEN

NEW PERSPECTIVE

A lightweight, all-wooden chair that combines Scandinavian materiality with forward-thinking craftsmanship. The non-upholstered chair stacks up to 5 chairs on a floor. Version with upholstered seat is not stackable.

DESIGN

- An elegant stackable chair—stacks up to 5 non-upholstered chairs on floor.
- The Cover Side Chair has no visible screws for a clean expression.
- Its crisp back cover in form-pressed veneer folds gently around the back legs, tying the components of the chair together for an elegant detail.
- High comfort from the partial armrest and the curved seat.

QUALITY

Seat and back is made in crisp, thin, form-pressed veneer, while the frame is made from solid oak wood for a robust base. Colored versions are made with water-based lacquer. A trolley for the Cover Side Chair is available upon request but will not be in the price lists.

WORKSHOP COFFEE TABLE

86 X 86 / 33.9 x 33.9"

NEW SIZE

Translates the archetypal dimensions of a coffee table into the Workshop design language. The squared shape makes it easy to pair the design with a sofa and lounge chairs around it. Can be combined with the other size of the Workshop Coffee Table.

NEW PERSPECTIVE

The Workshop Coffee Table adds a new perspective to Scandinavian design through its focus on traditional materiality, craftsmanship and detailing with its seamless integration of the design's tabletop and legs, echoing the refined design language of the Scandinavia.

DESIGN CHARACTERISTICS

- The natural grain of the oak tabletop and legs adds a unique and refined touch to the design.
- The seamless integration of the tabletop and legs, referencing traditional craftsmanship.
- The table comes in one whole piece, giving it a carpentry feel.

QUALITY

Legs and frame in solid wood. Tabletop in oak veneer.

READY-TO-SHIP

Oak

Black

VARIANTS

Oak & Black

MATERIAL

Lacquered oak or matte clear lacquered oak. The table's frame and legs are made from solid oak wood and tabletop is made from oak veneer.

INTRODUCING WATER-BASED LACQUER

- Emits less chemicals than standard lacquers for better indoor climates.
- Better working conditions in the production phase.
- Has undergone scratch resistance tests, color fastness to water and fat tests, color fastness to perspiration and lightfastness tests.
- Same strength as old lacquer.
- One of the first brands within our direct competitors to introduce water-based lacquer.

WE WILL BE INTRODUCING WATER-BASED LACQUER THROUGHOUT THE ENTIRE COLLECTION IN THE COMING YEARS

VISU CHAIR—WOOD BASE + VISU COUNTER & BAR STOOL

NEW PERSPECTIVE

A new perspective to the iconic wooden chair, Visu is a design brought down to its simplest possible form, refined through subtle details and a friendly, recognizable shape.

DESIGN CHARACTERISTICS

- The details and shapes of the wooden legs create the illusion of a chair floating effortlessly above the ground.
- The Visu Chair is all about wood and no matter the color, the wood grains are always visible, giving it a characteristic look.
- With its simple look, Visu is a chair that works well both on its own as when with more of its own kind and other elements of furniture.

QUALITY

The Visu Chair collection is made from form-pressed veneer, giving the shell its distinct shape while making for a comfortable seat with a high durability.

NEW COLORS

All new and existing colors for the Visu Chair & Bar Stool are in water-based lacquer. The new colors enhance the refined and elegant expression of the Visu Chair & Bar Stool.

NERD CHAIR + NERD BAR & COUNTER STOOL

NEW PERSPECTIVE

Nerd Chair is a modern interpretation of the classic wooden chair with a contemporary and playful yet elegant character.

DESIGN CHARACTERISTICS

- The smooth integration between the chair's back and seat gives the Nerd design its unique expression.
- The curved seat with no sharp corners makes the Nerd Chair Family comfortable to sit on at different angles.

QUALITY

Veneer is form-pressed into shape for the back and seat, then glued together with the legs in solid wood. Back and seat are put together with subtle screws.

NEW COLORS

All new and existing colors for the Nerd Chair and Nerd Counter & Bar Stool are in water-based lacquer.

Bestsellers remain in the collection yet updated in water-based lacquer, paired with new colors in water-based lacquer with a more playful, bold expression.

NERD CHAIR + NERD BAR & COUNTER STOOL

NEW COLORS

Oak, Grey, Black & White

Bestsellers remain in the collection yet updated in water-based lacquer. Account for 65% of all Nerd sales.

Green

Takes the Green color back to its original Nerd shade: A deep yet contemporary color that is characteristic for the Nerd Series. The color has a different shade than the previous Green color, so we do not recommend mixing old and new Green version together if the customer wants the same color expression.

Sand Yellow & Tan Rose

Enhances the vibrant and playful character of the Nerd Series.

Midnight Blue

Adds a sophisticated contrast to the contemporary expression of the Nerd Series.

Discontinued – (OOS Mid January)

Dark Grey, Rose, Petroleum, Dark Red

Water-based lacquered chairs in White, Grey, Green and Black should not be mixed with old powder coated versions due to color difference.

MADE-TO-ORDER INSPIRATION

Our new initiative of curated Made-To-Order upholstery options that echo our universe and bring a new perspective to each single product.

Upholstery inspiration for you and the end-consumer

Made-to-order, meaning that the versions are not in-stock, yet have fixed prices.

Swatches available on all versions.

This sales round, we are introducing new Made-To-Order Inspirations to two bestselling designs: The Fiber Family and the Outline Family.

FIBER ARMCHAIR & FIBER SIDE CHAIR

NEW PERSPECTIVE

A new perspective on the iconic shell chair, the Fiber Chair family is produced from an innovative composite of plastic and wood fibers. This gives the shell a uniquely deep surface with a matte finish and soft touch.

DESIGN CHARACTERISTICS

- With its distinct shape, Fiber Chair has a clear-cut, sculptural design.
- Fiber Chair is slender on the outside—taking up little space in a room—while being spacious and comfortable on the inside.
- The shell's plastic and wood fiber composite gives the chair a unique deep finish, matte look and soft, tactile surface.
- Every inch and curve of the chair has been meticulously designed for maximum comfort.

QUALITY

At the core of the Fiber Chair design is its durable materials and refined design details. From the oak wood base in solid wood or its swivel base casted in one piece to the almost invisible stitching on its upholstery, the carefully designed details elevate the unique and sophisticated expression of the Fiber Chair family further.

FIBER ARMCHAIR & SIDE CHAIR

MADE-TO-ORDER INSPIRATION

The current Ready-To-Ship variants are either Remix in Light Grey or Dark Grey as well as Cognac and Black Refine Leather.

The new options helps us keep the momentum of the Fiber Chair family.

This Made-To-Order Inspiration round has two directions: one selection that is more vibrant and colorful and one that is sophisticated and subtle.

MADE-TO-ORDER INSPIRATION

Fiber Side Chair / Tube Base / Forest Nap 552/Grey

Fiber Side Chair / Wood Base / Forest Nap 912/Oak

Fiber Side Chair / Tube Base / Forest Nap 912/Grey

Fiber Side Chair / Tube base / Twill Weave 620/Grey

Fiber Side Chair / Swivel base / Twill Weave 620/Grey

Fiber Side Chair / Swivel Base / Balder 432/White

Fiber Armchair w. Front Uph. Chair / Swivel Base - Balder 432/White

Fiber Armchair / Tube Base / Balder 912/Dusty Green

FIBER ARMCHAIR & SIDE CHAIR

MADE-TO-ORDER INSPIRATION

VIBRANT COLORS

Fiber Side Chair – Tube Base - Forest Nap 552/Grey

Bold color for a vibrant expression. Nice contrast to the other colors in the palette.

Fiber Side Chair – Wood Base - Forest Nap 912/Oak

Calm yet modern shade. Complements the wooden base.

Fiber Side Chair - Swivel base - Twill Weave 620/Grey

Fiber Side Chair - Tube base - Twill Weave 620/Grey

Dusty lilac. Nice structure of the textile's weave.

Fiber Armchair - Tube Base - Balder 912/Dusty Green

Has a beige surface with a green thread that runs across in a characteristic pattern for a mélangé effect. A blend of Beige and Dusty Green. Understated yet characterful. Matched with a Dusty Green base that complements the textile.

Fiber Side Chair – Swivel Base - Balder 432/White

Fiber Armchair w. Front Uph. Chair – Swivel Base - Balder 432/White

Contemporary look. A mix of yellow and off-white.

MADE-TO-ORDER INSPIRATION

**Fiber Armchair / Swivel Base /
Beige Refine Leather/Black**

**Fiber Armchair / Tube Base /
Hero 481/Black**

**Fiber Side Chair / Swivel Base -
Twill Weave 780/Chrome**

**Fiber Armchair / Wood Base /
Steelcut Trio 226/Oak**

FIBER ARMCHAIR & SIDE CHAIR

MADE-TO-ORDER INSPIRATION REFINED COLORS

A palette that brings a classic, refined and modern expression to the Fiber Armchair and Side Chair.

Fiber Armchair – Swivel Base - **Beige Refine Leather/Black**

Adds an elegant yet understated expression to the chair, complemented by the modern Swivel Base in Black. Just as durable as the Cognac Refine Leather yet with a lighter and more Scandinavian expression.

Fiber Armchair – Tube Base – **Hero 481/Black**

Has a felt-like touch for a refined expression with a burnt orange shade, paired with a refined powder-coated Tube Base in Black.

Fiber Side Chair – Swivel Base - **Twill Weave 780/Chrome**

Adds direction in the upholstery with its diagonal elegant weave alongside a deep, refined blue shade, offset by its Chrome Swivel Base.

Fiber Armchair – Wood Base – **Steelcut Trio 226/Oak**

A beige hue with a rose thread that runs throughout for a light, refined look, paired with an Oak Wood Base to balance the color of the upholstery. The most affordable option of these four recommendations.

OUTLINE SOFA SERIES

BY ANDERSSSEN & VOLL

NEW PERSPECTIVE

The Outline Sofa brings a new perspective to the classic Scandinavian design sofas from the 1950's and 1960's, marrying the ideals of functionalism and simplicity into one. The design takes its name from its strong outline of a sofa: Clean and elegant on the outside yet with a deep seat and soft cushions on the inside.

DESIGN CHARACTERISTICS

- The long elegant lines around the sofa's body and cushioning hint towards architectural references.
- The curve of the armrests is a unique trait of the sofa, giving it both character as well as comfort.
- The slender steel legs elevates the sofa and emphasizes its lightness.

QUALITY

The sofa is built on a base of solid wood for stability. Cushions in foam for a tight look and comfort. Upholstered in aniline leather or high-quality textiles from Kvadrat and Arve.

OUTLINE SOFA SERIES

MADE-TO-ORDER INSPIRATION

2-Seater, 3-Seater, 3½-Seater, Chair, Studio Chair & Pouf

Beige Refine Leather/Polished Aluminum Base

Adds an elegant yet understated expression to the sofa, contrasted by the contemporary Polished Aluminum Base. Just as durable as the Cognac Refine Leather. More Scandinavian expression than the in-stock leather options.

Twill Weave 990/Polished Aluminum Base

Refined, deep color. Textile adds diagonal lines to the clean lines of the Outline Series. A safe way of getting color into the design without going too bold. Soft wool.

Vidar 723/Polished Aluminum Base

Adds a playful contrast to the sophisticated, elegant lines of the Outline Series.

Balder 912/Polished Aluminum Base

Has a beige surface with a green thread that runs across in a characteristic pattern for a mélangé effect. A blend of Beige and Dusty Green. Understated yet characterful.

70/70 TABLE

NEW COLOR / SAND

NEW PERSPECTIVE

The 70/70 Table has a simple expression yet when looking closer, subtle details reveal themselves and bring character to the design.

DESIGN

- The slender tabletop features plywood edges, shaped in an elegant curve that folds underneath the table at a slight angle.
- The table's legs are dimensioned according to the table's name, 70 cm by 70 cm. The legs have a unique triangular shape on the inside with a clean, flat profile on the outside.

QUALITY

Tabletop with laminate or linoleum surface and visible plywood edges. Table frames in powder coated casted aluminum.

NEW COLOR—SAND

New Sand color for both laminate and base. Color is inspired by the shades found in solid oak. Adds an exclusive, monochrome expression to the design and allows for the design to get a strong character without making too visual noise.

70/70 TABLE

EARNEST STUDIO

DESIGNER INTRO

Earnest Studio was founded by American-born, Rotterdam-based designer Rachel Griffin. With a background in graphic design, she spent five years producing exhibitions and books before moving to the Netherlands to study at the Design Academy Eindhoven in 2007. She launched her own studio in 2012, with a focus on furniture, lighting and accessories.

POST WALL LAMP

EARNEST STUDIO

NEW PERSPECTIVE

Post Wall Lamp is a modular wall lamp with an archetypical appearance, graphic character and forward-thinking, high-tech functionalities. The design explores the utmost flexibility of a magnetic joint. Arrange the cord of the design in linear or playful formations, using the cable drop. The Post Wall Lamp gives the user the freedom to position and dim the light unit(s) according to individual needs.

DESIGN

- Designed with a sculptural expression, simple lines and a refined finish.
- Position, turn and dim the light unit according to individual needs.
- Option of extra lighting unit to plug in power hub and mount to wall.

QUALITY

Each lighting unit has an integrated dimmer switch. Each lighting unit is casted in magnesium, making them very lightweight. The system is powered via a power hub, where up to three lighting units can be connected at once. The hub also has a central on/off foot switch, which control all lighting units connected at the same time.

POST WALL LAMP INCLUDES

1x Lighting Unit

Metal Plate for Wall-Mounting

Cable Drop for Wall-Mounting

Magnetic Cable Drop

Power Hub

POST FLOOR LAMP

EARNEST STUDIO

NEW PERSPECTIVE

The Post Floor Lamp is a modular product series with a recognizable appearance, character and forward-thinking, high-tech functionalities. It explores the utmost flexibility of a magnetic joint. The design gives the user the freedom to position and dim the lamp's lighting units according to individual needs.

DESIGN

- The Post Floor Lamp is designed with a sculptural expression, simple lines and a refined finish.
- Post Floor Lamp comes with two lighting units with the option of purchasing an additional unit as a spare-part and add to the lamp's base.
- Comes with small magnetic cable drops for arranging the lighting units cords.

QUALITY

Each lighting unit is die-casted in magnesium, making them very lightweight. The light weight was important when integrating a strong yet small magnet that almost blends into the lighting unit's surface.

The system is powered via a power hub, where up to three lighting units can be connected.

The hub has a central on/off foot switch, which control all lighting units connected. Each lighting unit has a touch-dim function and can be dimmed individually. When the power hub is switched on, the light will be as last adjusted.

UNDER THE BELL PENDANT LAMP

Ø 82 / 32.25" IN WHITE MELANGE

NEW PERSPECTIVE

Under The Bell is a new take on a traditional dining setting lamp that challenges the regular attributes of a pendant lamp through an embracing form.

DESIGN CHARACTERISTICS

- With its bell-shaped form and felt material, Under The Bell improves the acoustics of the room for an intimate atmosphere.
- Has a unique silhouette that catches the attention and makes a bold statement.
- Highlight the refined and seamless integration of the lampshade and its cord.

QUALITY

The lampshade is made using recycled plastic bottles and felt.

KINK VASE

EARNEST STUDIO

NEW PERSPECTIVE

A new form language of a vase, created through the digital manipulation of simple shapes. The design combines an appreciation of modern technology with traditional ceramic craftsmanship. The Kink Vase is an art piece, even when not in use. The kink adds the character to its expression. Use one tube or both for flowers. Light Blue color has a vibrant expression, Sand color is more subtle.

DESIGN

- Double opening, which suggests a new way to arrange flowers.
- Highlight how the kink and wide openings make for a contemporary look.

QUALITY

Pigmented porcelain; glossy on the inside, raw on the outside.

PRODUCT IMPROVEMENTS

- It is now possible to order 70/70 Table with white laminate in size 295 x 108 cm. The new item number is included in the price lists.
- New bushing insert between the shell and base of Fiber Armchair and Side chair to improve stability between the two parts.
- Possible to order Set Screws and Ground Mounting Kit for Linear Steel Series.
- Still Café Tables have been improved with set screws on all four table legs. The set screws are very discrete and there is no visual difference from versions without set screws.
- New Dots Wood & Ceramic screw to replace old screw. Stronger and harder steel to prevent screw from breaking. Shorter length also decreases risk of the screw breaking inside a wall. Will be implemented when old versions are sold out during this sales round.

GENERAL INFORMATION

BASE TABLE FAMILY

BASE TABLE:

Lead-time 10 weeks → 6 weeks (EU)
Start-up fee on special sizes eliminated*

BASE TABLE HIGH:

Lead-time 10 weeks → 8 weeks (EU)
Start-up fee on special sizes is still 300 EUR*

* Special colors still have a start-up fee

FIBER ARMCHAIR & SIDE CHAIR W/CASTORS & GAS LIFT HIGHER CYLINDER REACH

New cylinder reach makes it possible to get higher and lower seat height.

Visual difference of base.

New item numbers in price lists.

Integrated in this price list period, when old versions are sold out.
Until then old version are being confirmed by Sales Support.
For special projects – request new version.

FIBER ARMCHAIR & SIDE CHAIR WOOD BASE

WATER-BASED LACQUER & BIFMA APPROVAL

Same well-known colors—now with water-based lacquer.

The apron of the BIFMA-approved base is 1 cm higher than the former version. Both the overall height and seat height of the chairs have not changed and are thus identical to the former version.

The chair's inner frame has been reinforced with solid wooden blocks and with screws.

Standing next to each other, there is very little visual difference from the old version to the new version and it is therefore possible to combine the two.

Integrated in this price list period, when old versions are sold out. Until then old version are being confirmed by Sales Support For special projects – request new version.
