Roger Pradier® Warranties

25 years  
anti-corrosion warranty

The Roger Pradier® company commits itself to replace any faulty part that shows sign of corrosion in a period of 25 years from the date of acquisition by the final client, upon presentation of the purchase invoice.

The warranty applies only to the aluminium part of Roger Pradier® products installed above ground in accordance with industry standards and with the original surface treatment being intact.

Exclusions: products that are scratched, scored, covered with silicone, cement, or any other material, or that have suffered collision or various chemical treatments. This warranty also excludes any phenomenon that may modify the aspect of the covering over time, natural dirt, deposits of all types, etc...

The warranty requires the product(s) to be returned to the factory. No exchange prior to that return can be considered. Roger Pradier® will only replace the damaged part and not the whole appliance; transport, dismantling and installation costs are excluded.

The Roger Pradier® company reserved the right to analyse or to have analysed, by any method of its choice, the damaged caused by corrosion, in order to determine the reliability and the conditions of the said damage. In any event, this guarantee does not apply to the various electrical components and accessories of the product.

5 years  
technical warranty

Other than the specific 25 years anti-corrosion warranty, Roger Pradier® products are guaranteed for 5-years. The technical warranty covers a 5-years period starting at the purchasing date by the final client, upon presentation of the purchase receipt. This warranty shall only apply to products installed according to current practice and which are used according to our recommendations our recommendations. Any intervention or modification made to the product and its components is expressly excluded from this warranty.

The warranty requires the product(s) to be returned to the factory. No exchange prior to that return can be considered. Roger Pradier® will only replace the affected component(s) and not the whole appliance; transport, dismantling and installation costs are excluded.

Roger Pradier®'s  
commitments

- A century's worth of experience as a French manufacturer of outdoor lighting fixtures
- Internationally recognized expertise
- A culture of quality
- Roger Pradier® is committed to a CSR (Corporate Social Responsibility) approach in order to minimise the negative impact of its activity and to improve its environment, whether human, social or natural. The various warranties and certifications illustrate our commitment to manufacturing quality and long-lasting lighting products.
- International certifications. Refer to the US catalogue for UL-certified references.

Informations

Each reference is a complete product.

Bulbs are not included.

All standard Roger Pradier®'s electrical plugs are Schuko type F (mobile models).

Models in brass or copper are provided with black aluminium supports.

The steel supports are not covered by the anti-corrosion warranty.

The coating of brass, copper, zinc, stainless steel or enamelled steel models can deteriorate depending on the climate or the environment. These materials are not guaranteed against oxidation. It is recommended to regularly maintain the light fixtures in accordance with the practices of the profession and to prohibit the use of any abrasive or corrosive material or product.

Our terms of sale are listed on the back of our delivery notes and bills.

As part of its constant strive to improve the quality of the light fixtures, Roger Pradier® reserves the right to modify, without notice or compensation, all or part of the equipment presented in this catalogue.

The images, dimensions and scenarios in the photographs in this catalogue cannot be regarded as contractual.

Roger Pradier® is committed to complying with the new regulations against light pollution. In France in particular, the Decree of 27 December 2018 on the prevention, reduction and limitation of light pollution regulates lighting practices. Since 1 January 2020, these provisions apply to «light installations» in order to be consistent with today's environmental issues.
