Giochi di circonferenze metalliche attorno a cilindri di vetro quasi a creare infiniti girotondi. Una collezione dai connotati contemporanei con sorgente LED che racchiude preziosi contenuti storici della lavorazione del vetro quali il ballotton, il rigadin dritto e ritorto, il tutto perfezionato da tonalità avvolgenti: cristallo, fumé, ambra e ametista chiaro. Anello esterno con finitura nickel nero satinato e interno ottone satinato o rame.

Games of metal circumferences around glass cylinders as if to create endless rings. A collection with contemporary connotations and a LED source that contains precious historical features: that of glass processings such as the ballotton and the straight and twisted rigadin, all refined by the warm tones of crystal, smoke, amber and light amethyst. Black matt nickel ring with inner matt copper or brass finishes.

Fascino retrò. L'aspetto elegante e delicato del vetro soffiato trova in Jube una nuova dimensione. Due vetri accostati, perfettamente assemblati, tanto da sembrare un pezzo unico. Il risultato è una lampada sinuosa, formata da sovrapposizioni e con colori tono su tono che le regalano un prezioso mood vintage. Dopo la sospensione, la collezione si arricchisce di due nuove versioni tavolo, di una nuova dimensione della sospensione e una nuova applique a vetro singolo. Il vetro superiore della sospensione e tavolo è disponibile in quattro colori: fumé, terra bruciata, verde antico, cristallo; finiture metalliche in oro satinato. Sorgente luminosa LED.

Retro charm. The elegant and delicate look of blown glass finds a new dimension in Jube. Two glass units placed side by side, perfectly assembled, so much so that they look like a unique piece. The result is a sinuous lamp, formed by superimpositions and with tone-on-tone colours that give it a precious, vintage mood. After the suspension, the collection is enriched with two new table versions, a new size of suspension and a new applique on a unique glass. Upper glass shades is available in four colours: smoky, burnt earth, antique green, crystal, metal parts finishes are satin gold. LED light source.

Armonia di linee e di contorni. Il vetro e la gamma leggera di colori creano mezze tinte “di passaggio” che lasciano intravedere la loro forma come in un acquerello di vibranti trasparenze. La sorgente LED illumina il piano e nello stesso tempo il vetro, portando a soffitto una parte di luce dalle tinte dolci. Presentate in gruppo o singolarmente manifestano un forte carattere stilistico quasi a divenire sculture.

Harmony of shapes and lines. The glass and the light range of colours create transitional half-tones suggesting their shape as in a watercolour of vibrant transparencies. The LED source illuminates the surface and the glass at the same time, bringing towards the ceiling a part of the soft-colour light. Mounted in clusters or individually, they show a strong stylistic character, and become almost sculptures.

Trae ispirazione dall'effetto di acqua e vento sulla pietra il design di questa collezione di lampade. Le curve morbide e la superficie levigata incontrano il vetro soffiato in un modello di estrema semplicità, adatto a qualsiasi contesto d'arredo.

The design of this collection is inspired by the effect that water and wind make on a stone. The versatility of this lamp, ideal for any kind of decoration, comes from a recognizable and simple form.

Cielo e terra si incontrano in un orizzonte di colore. Il cristallo trasparente si combina con il nickel nero o l'ottone lucido delle parti metalliche. Questa è Oro, la nuova sospensione firmata Vistosi. L'utilizzo della membrana interna, in diverse colorazioni, distingue le due metà della sfera. La membrana orizzontale assume curvature sempre diverse, rendendo l'intensità di luce e colore sulla superficie sempre differenti. .

Sky and earth join in a horizon of colour. Crystal glass combined with glossy black nickel or brass metal parts. This is Oro, the new suspension by Vistosi. The use of the internal membrane, in different colours, distinguishes the two halves of the sphere. The horizontal membrane takes on ever-changing curves, making the intensity of light and colour on the surface always different.

1×35W LED 4025 lm 3.000 K

USA & CANADA

1×14,5W LED 4025 lm 3.000 K

Elegante gioco di geometrie ed incastri circolari dalla forte connotazione decorativa, che arreda ed illumina l'ambiente con una personalità decisa ma discreta. La fonte luminosa a LED è molto efficiente e completamente nascosta nella struttura. L'illuminazione diretta definisce la zona di luce sottostante, esaltando la naturale bellezza delle tonalità fumé, ambra e cristallo impreziosite da finiture nickel nero satinato e rame.

Elegant game of geometries and circular joints with a strong decorative connotation, which embellishes and illuminates the room with a strong but discreet personality. The LED light source is very efficient and completely hidden in the structure. Direct lighting defines the area of light below, enhancing the natural beauty of the smoky, amber and crystal tones embellished with matt black nickel and copper finishes.

1x12,5W LED 1750 lm 3.000 K

Perfetto dialogo tra differenti materiali e la fonte luminosa sospesa: questa è Plot. Ispirata agli intrecci delle impalcature orientali di bambù, Plot conferisce una sensazione di leggerezza e di sospensione, data dal gioco di equilibri in cui la sorgente luminosa a LED è sostenuta attraverso l'intreccio delle bacchette metalliche. Plot unisce materiali diversi tra loro come il metallo nero e ottone ed il vetro in tonalità cristallo e fumé.

Perfect dialog enter different materials and suspended light source: this is Plot. Inspired by the weaving of oriental bamboo scaffolding, Plot gives a feeling of lightness and suspension, thanks to the play of balances where the light source is supported through the interweaving of the metal rods. Plot combines different materials such as black and brass metal and glass in tones of crystal and smoke.

L'elemento distintivo di questo modello della collezione Puppet sono i tre anelli con diametro crescente, che possono essere accostati con sequenze differenti per costituire l'armatura su cui andare ad appoggiare le preziose sfere in vetro di tre dimensioni differenti, che si fondono con la struttura grazie ad una preformatura interna al vetro soffiato. Esteticamente leggero ed elegante, Puppet Ring coniuga in modo etereo vetro cristallo, fumé, ambra e bianco sfumato con finiture oro e nickel nero satinato.

The distinctive feature of this model from the Puppet collection are the three rings with increasing diameter. They can be combined with different sequences to form the framework on which to place the three diameters of the precious glass spheres in three different sizes, which blend with the structure thanks to a preformation inside the blown glass. Aesthetically light and elegant, Puppet Ring ethereally combines crystal, smoke, amber and shaded white glass and gold and black matt nickel finishes.

La sorgente luminosa LED attraversa una bolla di vetro per rifrangersi su uno specchio in un gioco di continui rimbalzi. Il vetro non è solo diffusore bensì tramite, quasi invisibile, tra la fonte di luce e l'elemento riflettente. La semplicità e la leggerezza del vetro diventano protagoniste in tre diverse forme sinuose arricchite da tonalità cristallo, fumé, ambra e ametista chiaro.

The LED light passes through a glass bubble to refract on a mirror in a game of continuous rebounds. Glass is not only a diffuser, but also an almost invisible intermediary between the light source and the reflecting element. The simplicity and lightness of glass become the main features in three different sinuous shapes enriched by crystal, smoke, amber and light amethyst tones.

La "tecnicità" dell'elemento metallico unito al diffusore in vetro soffiato conferisce a Tread uno stile "industriale". Un oggetto che ricorda le apparecchiature elettriche vintage per la sua forma particolare, in cui il dissipatore alettato, unito al vetro soffiato, diviene elemento caratterizzante. Finiture in bronzo, oro e rame satinato. Tread crea un'atmosfera all'avanguardia e di stile.

The "technicity" of the metal element combined with the blown glass diffuser gives Tread an "industrial" style. An object reminiscent of vintage electrical equipment for its particular shape, in which the finned heat sink, combined with blown glass, becomes a distinctive element. Copper, bronze and matt gold finishes. Tread creates an avant-garde and stylish atmosphere.

Simboli / Symbols description

Certificato di "Conformità Europea", indica che il prodotto è conforme alle norme di sicurezza Europee.
"European Conformity" marking, which indicates that the product complies with the European safety standards.
Das Zertifikat von "Europäischer Konformität" zeigt an, dass das Produkt den europäischen Sicherheitsnormen entspricht.
Ce certificat de "Conformité Européenne" indique que le produit est conforme aux normes européennes de sécurité.
Certificado de "Conformidad Europea", que indica que el producto cumple con las normas de seguridad europeas.

È il massimo delle certificazioni di prodotto vigenti in Europa. Per ottenere questo certificato, il prodotto deve superare i test di sicurezza Europei, ma anche i test specifici richiesti da tutti gli stati membri.
It is the high quality European certification for products. In order to obtain it, the product must pass the European security tests as well as the specific tests required by each Member State.
Es ist die wichtigste geltende Produktzertifizierung in Europa. Damit dieses Zertifikat ihm zugestanden wird, muss das Produkt europäische Sicherheitstests, und auch die spezifischen Tests bestehen, die alle Mitgliedstaaten erfordern.
C'est la plus importante certification de produits en vigueur en Europe. Pour qu'on lui accorde ce certificat, le produit doit passer des tests de sécurité européens, mais aussi les tests spécifiques requis par tous les États membres.
Es la más alta certificación de producto vigente en Europa. Para obtener este certificado el producto debe superar tanto las pruebas de seguridad europeas como aquellas específicas requeridas por todos los miembros de la CE.

Certificato di conformità del prodotto alle normative di sicurezza elettro-technica della Federazione Russa.
Certification indicating products that conform to the electro-technical safety regulations of the Russian Federation.
Dieses Zeichen steht für „Staatlichen Standard“ und stellt die Bescheinigung der Konformität eines Produkts mit den technischen Standards der Russischen Föderation dar.
Cet acronyme signifie « Standard d'État » et indique l'attestation de conformité d'un produit aux normes techniques de la Fédération de Russie.
Indica que el producto cumple con las normas técnicas nacionales de la Federación Rusa.

Certificato di conformità del prodotto alle normative di sicurezza elettro-technica della Cina.
Certification indicating products that conform to the electro-technical safety regulations of China.
Konformitätszertifikat des Produkts mit den elektrisch-technischen Sicherheitsnormen von China.
Certificat de conformité du produit aux normes de sécurité électrotechnique de la Chine.
Certificado de conformidad del producto con las normas de seguridad electrotécnica de China.

Certificato internazionale di sicurezza elettro-technica di prodotto, riconosciuto da oltre 50 Paesi.
International Certification of electro-technical product safety, recognized by over 50 countries.
Internationales Zertifikat für elektrisch-technische Produktsicherheit, anerkannt in über 50 Ländern.
Certificat international de sécurité des produits électrotechniques, reconnu par plus de 50 pays.
Certificado internacional de seguridad electrotécnica de producto, reconocido por más de 50 países.

Certificato di conformità del prodotto alle normative di sicurezza elettro-technica del Giappone. Disponibile solo su richiesta e fornito da Doi&Co. Luminabella Div.
Certification indicating products that conform to Japan's electro-technical safety regulations. Available only on request and supplied by Doi & Co. Luminabella Div.
Zertifikat der Konformität des Produkts mit den elektrisch-technischen Sicherheitsnormen von Japan. Erhältlich nur auf Anfrage, geliefert von Doi&Co. Luminabella Div.
Certificat de conformité du produit aux normes de sécurité électrotechnique du Japon. Disponible uniquement sur demande et fourni par Doi&Co. Luminabella Div.
Certificado de conformidad del producto con las normas de seguridad electrotécnica de Japón. Disponible solo bajo demanda y suministrado por Doi&Co. Luminabella Div.

Certificato di conformità del prodotto alle normative di sicurezza elettro-technica degli Stati Uniti e del Canada.
Disponibile per i mercati di riferimento.
Certification of product conformity to the electro-technical safety regulations of the United States and Canada.
Available for the specific markets.
Zertifikat der Konformität des Produkts mit den elektrisch-technischen Sicherheitsnormen der USA und Kanada. Erhältlich für die entsprechenden Länder.
Certificat de conformité du produit aux normes de sécurité électrotechnique des États-Unis et du Canada. Disponible pour les marchés de référence.
Certificado de conformidad del producto con las normas de seguridad electrotécnica de los Estados Unidos y de Canadá. Disponible para los mercados de referencia.

Simbolo che indica che l'apparecchio è conforme alle linee guida dell'Americans with Disabilities Act (ADA).
Symbol indicating that the device complies with the guidelines of the Americans with Disabilities Act (ADA).
Symbol das angibt, dass das Gerät den Richtlinien des „Americans with Disabilities Act“ (ADA) entspricht.
Symbole indiquant que l'appareil est conforme aux directives de l'Americans with Disabilities Act (ADA).
Símbolo que indica que el aparato es conforme con las pautas del "Americans with Disabilities Act" (ADA).
